Maynooth University — Ireland

Masters in Design Innovation — Sep 2026 - Present

APJ Abdul Kalam Technological University — Trivandrum, India

Bachelor of Technology in Computer Science and Engineering — Jul 2019 - Jun 2023

- Institution: Model Engineering College, Kochi
- GPA: 7.7/10.00 (First Class with Distinction)

Syrian Christian Seminary Higher Secondary School — Pathanamthitta,India

Biology Science — Jul 2016 - Jun 2018

- Percentage – 89%

WORK EXPERIENCE

Associate UI/UX Designer — Jul 2023 – Present

Mewurk Technologies — Bengaluru, India

- Collaborated on the design and development of various HRMS software modules, including Task Management, Timesheet, and Leave Management.
- Designed user interfaces for both web and mobile platforms, ensuring a consistent and responsive user experience across devices.
- Conducted user interviews, gathered valuable insights, and incorporated them into design improvements for enhanced user satisfaction.
- Conducted comprehensive UX processes, from research and wireframing to create high-fidelity mockups.
- Worked on product enhancements to improve usability and overall user satisfaction.

UI/UX Designer Intern — Aug 2021 – Dec 2021

Tatos Technologies — Kerala, India

- Conducted user research and created mockups for a News Application, documenting insights and developing a comprehensive case study.
- Designed a CRM website for the educational sector, focusing on schools, completing the full UX process from research to prototyping.
- Developed high-fidelity prototypes and user flows to improve user experience and functionality.
- Created graphical posters for marketing campaigns, contributing to the company's branding and outreach efforts.

PROJECTS

Health Care Plus | A Complete Health Care App — Nov 2020 - Jan 2021

- Developed a healthcare app enabling users to book doctor consultations, with a token-based system for streamlined appointments.
- Designed and implemented a comprehensive blood donation flow, offering separate logins for organizations and individual donors.
- Integrated an insights page to display current health trends and updates, enhancing user awareness.
- Focused on improving user experience with easy navigation and intuitive interface for booking and donation management.

News Application Sep 2022

- Conducted a case study on a news application with a personalized news feed tailored to user preferences.
- Designed an Explore section for browsing news across various channels and categories.
- Implemented usability features like adjustable font size and audio playback on news description pages.
- Developed a personalized settings page, allowing users to customize the app's interface and functionality.

Expensify Apr 2024

- Conducted a case study on an expense management app with features like transaction history, category-wise expense tracking, and multi-bank account integration.
- Highlighted the **shared expense** feature, allowing users to split costs, as the app's primary functionality.
- Performed **competitor analysis** and **user interviews** to gather insights for design decisions.
- Created wireframes (pen and paper) and developed high-fidelity mockups based on user feedback and research.

TECHNICAL SKILLS

Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD

Fields of Interest: User Research & Interaction Design, Web and Mobile Design, Prototyping and Wireframing, User-centered Design

Soft Skills: Teamwork, Critical Thinking, Management, Leadership, Self Confidence, Flexibility

CERTIFICATIONS

Coursera

- Start the UX Design Process: Empathize, Define, and Ideate
- Foundations of User Experience (UX) Design
- Create High-Fidelity Designs and Prototypes in Figma
- Build Wireframes and Low-Fidelity Prototypes

VOLUNTEERING & INTERESTS

- Recipient of the **Millenium Campus Fellowship**.
- Completed over 200 hours of community service; actively participating in the initiatives of the student-led social action club "To Humans, A Noble Acme Life" (**THANAL**).
- Volunteer, **National Service Scheme** (NSS), Govt. Model Engineering College.
- Secured **second prize** in **Code Innovation Series Hackathon** conducted by **GitHub** and **IncubateIND**.
- Design Head for College Magazine for the year 2022 and 2023
- Chief Design Officer of the entrepreneurship development cell of Model Engineering College,**IEDC MEC**
